Special on Anthurium in Bud

We have a California crop of Anthurium Andreanum in bud, priced for quick sale. The soft-coral leathery tongue with long yellow finger is very long-lasting, very exotic. These young plants will bloom 3 or 4 times a year. Bloom is more prolific and the flowers get larger each year. The plant lives for many years.

Anthuriums are very hard to find at retail florists, and they are really expensive. Our plants are 18" to 30" tall, shipped from pots immediately, via express collect from Los Angeles. (Express charges on 3 plants to the East Coast are about \$2.75)

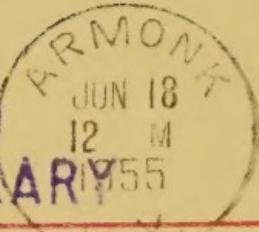

3 Plants in Bud for \$10.50

The minimum order is three plants—and what an unusual gift item! We can ship single plants for you prepaid, with your gift card enclosed at \$1.50 more for each so shipped, to cover individual packing and shipping charges.

Please enclose remittance; and if for a gift, your card.
